

SEVERAL PERSONS BURNED IN FLAMES

Railroad Hotel at Little Rock,
Ark., Burns to Ground.

SIX BODIES HAVE BEEN FOUND.

The Ruins Have Not Been Thoroughly
Searched and It Is Believed More
Victims Will Be Found—Lamp Ex-
plosion Supposed To Be Cause.

Hot Springs, Ark., Oct. 27.—Six
bodies have been taken from the ruins
of a railroad hotel located at the cor-
ner of Elm and East Olive streets
which was gutted by fire early today.
Of these two unidentified are charred
beyond recognition. The dead are:
Harry Bradley, a waiter.
Edward Snyder, porter.
Mrs. Mack, a musician.
A. L. Mann, railroad conductor, be-
lieved to be from Denver, Colo.

Two unknown men.
The ruins have not yet been thor-
oughly searched, and there may be
other bodies in them.

The hotel is a two-story frame build-
ing, containing thirty rooms, all but
one of which was occupied by from
one to four people.

The hotel was patronized by inval-
ids and cripples, who were under treat-
ment.

The fire is believed to have been
caused by an explosion of a lamp.
There was only one narrow exit, that
being a stairway, and dozens were
compelled to jump from the second
story in many instances in their night
clothes. One man, Fred Owersen, of
Hot Springs, was probably fatally in-
jured.

The loss to the building was small
and amounted to only \$2,500.

TAFT NOT PLANNING TO RUN.

Reported that Present Secretary of
War Is Not Presidential Candidate.

Washington, Oct. 27.—The Post
said today that Secretary of War Taft
is not planning to enter the campaign
for the presidency, has no intention
of doing so, is content with his seat in
the cabinet and means to stay there as
long as the president desires it.

Such is the substance of an an-
nouncement made by him yesterday,
and which will tend to put at rest
temporarily, at least, the talk of his
being a candidate for the presidency.

Secretary Taft is quoted as follows:
"I have no intention of resigning
from the cabinet to make a campaign
for the presidency, and, furthermore,
I have no intention whatever of mak-
ing a campaign for the office of the
nation's chief executive."

"I am satisfied with my present
place and shall be pleased to remain
in the cabinet as long as I can. I have
already said that I had no intention
of becoming a candidate for the presi-
dency, and authorize no one to spring
the 'presidential boom,' as it has been
called."

The Post adds that Secretary Taft's
statement was called forth by publis-
ed reports in connection with his re-
cent Akron, O., speech, that he has
presidential ambitions.

Said He Would Not Live.

Fry, Woodruff, Pa., writes:
"I have been suffering for two years with
kidney trouble. The doctors ad-
vised me to get better at it as
I could not possibly live
any longer as there was no cure
for it. I bought Sibley's Kidney Cure and re-
sulted. I sent my son to the store
for it, and after taking three bottles I
began to get better, and continued to
improve until I was entirely well." J.

FIRST MONTH'S WORK

Of the University High School Was
Closed Friday Afternoon.

The first month's work of the Uni-
versity High School was closed Friday
with very encouraging success, being
the most successful of any preceding
year, same period.

Prof. T. F. McBeath, principal of
the high school department, reports an
enrollment in this department of one
hundred and twenty-five, and the re-
sult of the month's work is very cred-
itable. Prof. McBeath, however, re-
ports that this department is entirely
too crowded, and more room is badly
needed. It has been suggested that
the county purchase the Seminary
building, which would make an ideal
place for a public school, the building
being particularly adapted for that
purpose.

"NEW THOUGHT" UNIVERSITY.

Wife of Former Congressman Gives
\$1,000,000 to Establish School.

Chicago, Oct. 27.—A Tribune dis-
patch from St. Louis, Mo., says that
if plans of Mrs. Charles F. Joy, wife
of the former St. Louis congressman,
are carried out, a \$1,000,000 university
of which the object will be the study
of occult and psychic phenomena, the
human soul and all the arts and sci-
ences of the "New Thought" not recog-
nized by established schools, will be
built overlooking the Pacific near San-
ta Barbara, Cal. In addition to the
university, Mrs. Joy proposes to estab-
lish a sociological colony where the
science of life and the laws, duties and
responsibilities of parenthood will be
studied.

"My plan is," said Mrs. Joy, "to
bring about the founding of a universi-
ty in which the great trinity—the hu-
man, soul mind and body—will be prop-
erly trained, each in conjunction with
the other and not the sacrifice of one
by ignoring the other, as now too large-
ly prevails."

BIG STRIKE IS AVERTED.

Operatives and Mill Owners Will Com-
promise at Fall River.

Fall River, Mass., Oct. 27.—At the
very moment when a strike of more
than 25,000 textile operatives, employ-
ed in 75 mills in this city, seemed cer-
tain, the situation was suddenly
cleared by the action of the Manufac-
turers' association and the outlook to-
night is brighter than at any time since
the wage question has come to the
front.

Meetings of the various textile work-
ers' unions had been called for tonight
to take action on the question a strike
in all the cotton factories controlled
by members of the Manufacturers' as-
sociation. Late this afternoon, how-
ever, a committee representing the
manufacturers held a conference with
the committee from the textile coun-
cil. The manufacturers expressed the
hope that a compromise might be
reached and requested that the unions
not take action on the matter of call-
ing a strike before next Monday night.
This request was made, it was ex-
plained, in order that the manufactur-
ers and the operatives, through their
representatives, might hold further
conferences.

Wanehula, DeSoto county, boasts of
being a town without a single negro.
Up to a few days ago there was one
black man in the town, but he could
not get up a game of craps and had to
leave in disgust.

Keep Your Head Clear

And your stomach free from indigestion
if you would be happy with your
family and your fellow-men.

The surest thing on earth to get a man's sys-
tem "out of whack" is heavy, soggy bread,
which is caused by several reasons. First, the
material may not be good; second, the cook-
ing may be poor. The best flour in the world
will make the heaviest bread if improperly
mixed or cooked. WE USE THE BEST
FLOUR and our "long suit" is knowing how to
mix and bake it. Our bread does not cost any
more than home-made, and in many instances
it is so much more palatable.
